IMPORTANT SAFETY INSTRUCTIONS

INSTRUCTIONS PERTAINING TO THE RISK OF INJURY TO PERSONS:

To reduce the risk of INJURY TO PERSONS:

- 1) Turn off/unplug before cleaning or other maintenance.
- 2) Do not look directly at lighted bulb.
- 3) Keep lamp away from materials that may burn.
- 4) This mirror should not be used by or near children or individuals with certain disabilities.
- 5) Never operate this mirror if it is damaged.
- 6) Don't use this mirror outdoors.
- 7) Be sure mirror is not in a position where it can reflect sunlight. Reflected sunlight can cause fire.
- 8) This lamp is operated by Lithium batteries in the base. Please note:
 - a. DO NOT disassemble this lamp base.
 - b. DO NOT use this lamp near a fire or flame.
 - c. The battery replacement shall only be done by either a battery cell supplier or device supplier-NEVER by the user.
 - d. Prohibited use if lithium batteries are damaged-If you find any battery abnormalities such as the smell of sulfur or discharge from the battery, DO NOT USE THIS LAMP. Contact the manufacturer.
- 9) Please store this lamp at room temperature.
- 10) Recharge lamp at least once every 6 months to prevent battery discharge or damage.

Charging lamp:

- 1) Lamp needs charging when it cannot turn on or automatically turns off.
- 2) Use only the adapter supplied with your lamp.
- 3) Insert the male plug (A) of adapter (included) into female jack (B) at the back of lamp.
- 3) Plug the adapter into outlet to recharge as shown in illustration (FIG2).
- 4) Charge time is about 6~8 hours.
- 5) The LED indicator light on the base is red while lamp is charging.
- 6) The LED indicator light on the base is green when lamp is fully charged.

ASSEMBLY INSTRUCTIONS

- 1) Lamp is fully assembled but the packing material needs to be removed as shown in illustration (FIG1).
- 2) Use the rocker on/off switch (C) to enjoy.
- 3) Your lighted make up mirror will rotate 360 degrees for easy access to each side.
Do not rotate more than 400 degrees to avoid internal damage of the wires.
- 4) If this lamp doesn't light when turned on, please use the adapter (included) to charge.
- 5) Insert the male plug (A) of adapter (included) into female jack (B) at the back of lamp.
- 6) Plug the adapter into outlet to recharge as shown in illustration (FIG2).
- 7) Charge time is about 6~8 hours.
- 8) The LED indicator light on the base is red while lamp is charging.
- 9) The LED indicator light on the base is green when lamp is fully charged.

MAINTENANCE:

- 1) To clean use a soft cloth only.
- 2) Do not use any chemical or abrasive cleaners.

NOTE: This lamp uses specially formulated LEDs that simulate the characteristics of the sun. The light will appear brighter and whiter compared to a normal incandescent bulb and will provide many of the benefits of natural sunlight. In addition, these LEDs are energy efficient and eco-friendly. They are not replaceable but should last up to 50,000 hours.
