

WELCOME AND REGISTRATION

ENGLISH

Thank you for purchasing this AcousticSheep product — you're going to love it. Please take a few minutes to go to www.SleepPhones.com/warranty-registration and register.

- Product Updates – allows us to contact you with important product notifications
- Confirmation of Ownership – provides a record in case of product loss or theft
- Improved Product Development – helps us continue to design products that make you happy

1. TURNING ON YOUR SLEEP PHONES® SIMPLE MODULE

- Find the button on the SleepPhones® Simple module located inside the headband.
- Press and hold the button until you hear "Power on" through the speakers.

2. OPERATING INSTRUCTIONS

VOLUME: Click the button on the SleepPhones® Simple module to change the volume. Each click will increase or decrease the volume by 15%.

NEXT SONG: Double-click the button to skip to the next song.

TIMER: The default timer is 1 hour. To change the amount of time a song plays, a long click followed by a short click will advance the timer options. Each timer option would announce on the speakers. For example, you would hear, "2 hours until automatic power off."

The timer options are:

30 minutes: Will play your favorite track for 30 minutes

1 hour: Will play your favorite track for 1 hour

2 hours: Will play your favorite track for 2 hours

8.5 hours: Double click to advance to the next track to find the best track that you prefer and you can listen to your favorite for 8.5 hours

Play once then power off: Will flow through all 17 tracks which are 30 minutes each and power off when it reaches the last track

Play until batteries are low: Will also flow through all 17 tracks, but will keep playing until the battery dies

POWER OFF: The SleepPhones® Simple will turn off automatically according to the timer option. To turn off the module manually, press and hold the button until you hear "Power off."

Once set, the system remembers your favorite volume, song, and timer option. It would be possible to use the SleepPhones® Simple with a simple press of the button each night.

3. CHARGING INSTRUCTIONS

Disconnect your speakers from the SleepPhones® Simple module. Plug in the micro-USB cable into the charging port of the SleepPhones® Simple module. Plug the other end of the cable into a standard USB port (such as a computer, TV, or wall USB charger).

While charging, there will be a pulsing red light next to the raised button in the center of the SleepPhones® Simple module.

When fully charged, it will change to a solid red light. Reconnect the speakers back into the SleepPhones® Simple module via the micro-USB port.

BATTERY

This AcousticSheep product contains a rechargeable lithium ion battery. It should only be charged with the charging cable provided with this product. Lithium batteries last longer if they are charged after every use. They do not need (and prefer not) to be fully discharged before recharging. AcousticSheep provides a battery replacement and recycling service that you can access through our website. Please DO NOT attempt to open this product or replace the battery yourself. Opening the product voids the limited warranty.

CARE AND WASHING

Remove speakers and module before washing headband. Machine wash warm. Tumble dry medium. Do not iron, bleach, or dry clean. Avoid fabric softener which reduces wicking.

Insert the speakers when the band is dry. The right speaker has red stitching and the left speaker has green stitching. The softer gray side should be against your ears. Then insert the gray SleepPhones® Simple module before closing the Velcro®. Adjust for fit. Visit www.SleepPhones.com/video for video instructions.

WARNINGS

WARNING: Use of a headset that covers both ears will impair your ability to hear other sounds. Use of such a headset while operating a motor vehicle or riding a bicycle may create a serious hazard to you and/or others, and is illegal in most states and regions.

WARNING: Exposure to high volume sound levels may damage your hearing. The louder the volume, the less time is required before your hearing could be affected. You may experience different sound levels when using your headset or headphones with different music and different devices. If you experience hearing discomfort, you should stop listening to the device through your headset or headphones and have

your hearing checked by your doctor.

To protect your hearing, hearing experts suggest that you:

- Set the volume control in a low position before putting your headset or headphones on your ears and use as low a volume as possible.
- Avoid turning up the volume to block out noisy surroundings. Whenever possible, use your headset or headphones in a quiet environment with low background noise.
- Limit the amount of time you use headsets or headphones at high volume levels.
- Turn the volume down if the sound from the headset or headphones prevents you from hearing people speaking near you.

LIMITED WARRANTY

www.SleepPhones.com/warranty

What Does The Warranty Cover?: AcousticSheep® warrants that its products shall be free from defects in materials or workmanship, with the exceptions stated below.

What Is The Period Of Coverage?: This warranty runs for one year from the date of purchase. The term of any warranties implied by law shall expire when your limited warranty expires. Some states and/or Member States in the European Union do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

What Does The Warranty Not Cover?: This warranty does not cover any defect, malfunction or failure that occurs as a result of: improper installation; misuse or failure to follow the product directions; abuse; or use with improper, unintended or faulty equipment. Specifically, this warranty does not cover the battery, which may wear out with normal use. In no event will

AcousticSheep be liable for personal injury, or any incidental, special, indirect or consequential damages whatsoever arising out of or related to your use of the product, however caused, regardless of the theory of liability (contract, tort or otherwise) and even if AcousticSheep has been advised of the possibility of such damages.

Also, consequential and incidental damages are not recoverable under this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

What Will AcousticSheep Do To Correct The Problem?:

AcousticSheep will, at its option, repair or replace any product that proves to be defective in material or workmanship. If your product is no longer being manufactured, or is out of stock, at its option, AcousticSheep may replace your product with a similar or better AcousticSheep product.

How To Get Warranty Service: To get a covered product repaired or replaced, you must contact AcousticSheep during the warranty period by email (service@acousticsheep.com), or via the Contact Us form on www.SleepPhones.com. You must include in your email, your name, address, email address, telephone number, date of purchase and a complete description of the problem you are experiencing. If the problem appears to be related to a defect in material or workmanship, AcousticSheep will provide you a return authorization and instructions for return shipment. Return shipments shall be at the customer's expense, and the return must be accompanied by the original proof of purchase. You should track the shipment as appropriate because you are responsible for the product until it arrives at AcousticSheep.

How Will State Law Affect Your Rights?: This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Please note that in the European Union, you as a consumer might have other legal rights under national legislation of European Union Member States governing the sale

of AcousticSheep's goods. Those rights are not affected by this guarantee.

The above limited warranties and remedies are sole warranties and remedies available to purchaser, if, and to the extent, valid and enforceable under the applicable law.

CUSTOMER SERVICE

The answers to most setup and performance questions can be found in the FAQs at www.SleepPhones.com.
