

# *ThermalComfort*

**Please keep these instructions for the Thermal Comfort Heated Seat Cushion for future reference.**

The Thermal Comfort Heated Seat Cushion is great for the home, office, car, sporting events and more! The heating cushion radiates **soothing** heat.

## **Operating Instructions**

1. Before using this cushion insert 3-AA batteries (not included) into the battery pack.
2. Connect the adapter on the cushion to the battery pack.
3. Turn the On/Off switch to the "ON" position on the battery pack and the cushion will start to heat.
4. In 1 to 2 minutes the cushion will reach its optimum temperature.

## **Care Instructions**

1. To wash, simply remove the cushion from the cover.
2. Do not machine or hand wash heated seat cushion.
3. Spray cover with a cleaner that does not contain bleach. Wipe clean with a dry clean cloth.
4. Do not wash Heat Seated Cushion element. If element gets dirty, wipe clean with a clean dry cloth.
